

MeetMeWhere:

MeetMeWhere is an event management and social meetup app designed to connect friends. With MeetMeWhere, users can easily create, discover, and join local events all while interacting with an intuitive interface that brings people together.

Users should be able to:

1. Register and login securely.
2. Create events.
3. RSVP for events.
4. Share photos from events.
5. View events on a list and on a map.
6. Experience data synchronisation.

MeetMeWhere:

RSVP Functionality -

- Users can RSVP to events and view attendee counts.

Photo Sharing -

- Organisers and attendees can attach photos to events to share highlights and memories.

Event Management -

- Users can easily edit or delete events and manage event details.

Social Engagement -

- MeetMeWhere should encourage community engagement and make attending local events a rewarding experience. (Hint: Gamification Features)
